

Thanks to You

Each time we sit down to take a breath we must take a moment to pinch ourselves. As we journey through our eighth year of business, the impact that each and every one of you has had, not only on our business, but to us personally continues to amaze us. Each of you brings a different story, a different path, a different set of principles and we are lucky to learn from each of you.

Whether its during a service visit at our shop, during a holiday party, a rally in Naples, West Palm Beach, Labelle, FL, or any other stop along the way, we look forward to each interaction with great anticipation.

This year has been no different; from expanding into our 40,000 square foot facility to ramping up the sales side of our business to converting our first coach we truly appreciate all the words of wisdom and encouragement you continue to provide.

It is not only our honor, but our pleasure to continue working hard to perform the best service in the industry and we are proud to be getting better day in and day out.

Sincerely,

Kyle Bennett
